

Tried & Tested Patterns

Stuart Wardle's "*Perfect Olive*"

[Return to Main Index](#)

Tying Details

Hook:	Tiemco 103BL.
Size:	Size 15, 17, 19 or 21.
Thread:	Yellow Danville's, 6/0.
Thorax:	Dubbed Hares Ear and Fox Squirrel blend.
Body:	Yellow Danville's, 6/0.
Rib:	None
Tail:	Coq de Leon, (if required).
Tactics:	A generic 'Upwing Pattern' for both the Rivers and Stillwater's. This pattern covers most Upwing's, and you should adjust size of the fly to match the natural on the day. The effectiveness of this pattern from Stuart is the slim profile and the natural colour change of the yellow silk on the black hook he has created "perfect".
